U.S. TRIBUNAL PASSES SENTENCE ON 19 NAZI OFFICIALS

QUAKE TOLL IN NORTHWEST TOTALS EIGHT

Preliminary Damage Estimate Set as High as Ten Million by Governor of Washington

RED CROSS GIVING AID

Seattle, April 14.—(P)—Eight were counted dead, scores injured and a preliminary damage estimate set as high as \$10,000,000 today in the earthquake which jolted the Pacific northwest yesterday noon.

The estimate, which he emphasized was "purely tentative," was furnished by Washington Governor Arthur B. Langlie. Basing his conclusion on preliminary reports from the state patrol, the Red Cross and other agencies, the governor set a flexible figure of \$2,000,000 to \$10,000,000.

The shock struck at 11:55 a. m. yesterday.

Bricks showered off cornices and buildings facades; chimneys toppled from residences and industrial plants; plate glass cracked and shattered; roads sagged and split; moving automobiles rumbled and many parked machines were battered and dented by falling masonry.

Two small, unoccupied houses on Fox Island, near Tacoma, Wash., were dumped into Puget Sound.

Cities from Vancouver to Victoria, B. C., in the north, southward to Oregon towns in the Salem area felt the quaking of the quake. Scientists rated it a No. 8 intensity, which compared to a No. 12 or total destruction quake.

The Red Cross and state and federal agencies stood by today, ready to plunge in with aid. A Red Cross official said today that a single person had applied in the Seattle area for aid for injuries, but that Red Cross funds would be forthcoming to rebuild homes damaged by the quake, on a basis of individual need.

John Calkins, Red Cross field director augmented his headquarters at Olympia, where the need for housing was underlined by the evacuation of hotels and motels.

Rev. Arthur B. Langlie at Olympia, the state capital, said: "Everyone is going to have to pitch in and do what he can."

Olympia was especially hard hit. The old capitol building and the insurance building were the most severely damaged, and were ordered closed. Six other state buildings were shaken and cracked, but inspectors said they still were sound.

Two of the quake dead were in Olympia. Falling chimney bricks killed Edward Bisson, a veneer mason, 41, of 1001 A. St. West died of a heart attack when the quake shook his hotel.

Tacoma, 30 miles south of Seattle, reported "scores and scores" were treated for shock, bruises and other minor hurts. Many downtown buildings, including the Bankers Trust Bldg., were ordered evacuated. The level school was roped off because its steeple had shifted.

The Holy Rosary church, probably the highest in Tacoma, was closed as its cross was in imminent danger of collapsing.

Roosevelt to Have Three Opponents

New York, April 14.—(P)—Franklin D. Roosevelt, Jr., pitted against three opponents in a special congressional election in New York City, will run under the flag of the Liberal Party—right wing offshoot of the left wing American Labor Party.

The late president's lawyer son—denied the Democratic nomination by Tammany Hall—also will have the support of the new "Four Freedoms" party.

The Liberal party nomination—assured several days ago—was formally and unanimously late yesterday by the party's New York county (Manhattan) executive committee.

In addition to Roosevelt, there will be Democratic, Republican and American Labor party candidates in an election May 17 to fill the seat of the late Sol Bloom, veteran Democratic congressman.

State Assembly Has Wildest Session In Years Debating Workers' Benefit Measure

Harrisburg, April 14.—(P)—An organized labor victory on workers' benefits headed today for almost sure cancellation after the wildest session in the Republican-controlled senate in years.

A pro-labor combination of Republicans and Democrats lost a bitter battle to prevent the full membership of the senate labor committee from taking a second, and probably death-dealing look, at a controversial provision in proposed workers' and occupational disease compensation legislation.

The clause would allow higher payments to workmen who are hurt or grow ill when working only a few days a week.

The provision has been vigorously supported by the AFL-Pennsylvania Federation of Labor, the CIO-Pennsylvania Industrial Union Council and the United Mine Workers of America but has met just as strong opposition from employer groups.

The senate voted 26-22 on the issue yesterday with seven Republicans joining 15 Democrats on the losing side.

The disputed provision would require that benefits for injury or sickness be based on a normal work week of five and half days instead of the actual earnings of the individual filing claims.

At one point tempers on the Democratic side reached such heat and Sen. Joseph Barr (D-Allegheny) told Lt. Gov. Daniel B. Strickler, the presiding officer, "I say, Mr. President, you are not telling the truth."

Barr made his comment after Strickler had announced a motion by Chairman James S. Berger (R-Potter) to return the bill to committee had been seconded on the Republican side by Sen. Fred P. Hare, Jr. (R-Somerset).

The debate also grew bitter when Strickler overruled a contention by Sen. John R. Dent, Democratic floor leader, that the senate was unable to consider the bill.

He said that although the labor committee had voted to retain the disputed amendment, the bill actually appeared in print with the section taken out.

Lawmakers headed homeward for the Easter week-end with instructions from Republican leaders to expect long and arduous sessions next week—officially the last to the last of the 1949 session.

Both senate and house will convene at 1 p. m. on Monday, April 18, and stay in session five days for the first time this session.

Awaiting them will be decisions on a state rent control law, housing, fair employment practices, a further delay in the automobile financial responsibility law and dozens of other vexing problems.

FALL FROM A HORSE FATAL TO WOMAN

Pittsburgh, April 14.—(P)—Mrs. Frances Paxton, 45, prominent McKeesport socialite, died last night in Mercy Hospital of injuries suffered in a fall from a horse in South Park.

Her unconscious form was found by a roadside by a young boy riding a horse galloping off. She died seven hours later of a fractured skull without regaining consciousness.

Mrs. Paxton was the wife of Edgar L. Paxton, vice president in charge of merchandise for the G. C. Murphy Co.

Gunmen Believed to be Bank Robbers Kidnap Policemen

Pittsburgh, April 14.—(P)—Three gunmen kidnaped two policemen in Weirton, W. Va., and drove them to Hanoverton, O., today while police were concentrating a search for three bank robbers in southwestern Pennsylvania.

The kidnaped policemen said they were handcuffed to trees near the Columbian, O., county community. They said after their rescue the men's descriptions tallied with those who held up and robbed the bank of Follansbee, W. Va., yesterday of \$5,000.

On the wild ride, one of the kidnapers lost his nerve and was forced to jump out of the moving car.

The Weirton policemen, Patrolman James Herman and Lt. Allen Rossell, said they found the men changing license plates on a new Ford sedan at 1:15 a. m. today. On assignment to find the bank robbers, they arrested them and escorted them to city hall.

But when they got out of the car, the men quickly turned on Herman and grabbed his gun. They forced the pair into the back seat and headed across Fort Stevens bridge into Steubenville, O.

A farmer, George Betz, found the pair handcuffed to two saplings at 6:30 this morning. He called authorities and they were taken to the state highway patrol office.

Police searching for the bank robbers in southwestern Pennsylvania were warned to be on the lookout for a woman who might be accompanying the trio.

Three men brandishing 45 caliber automatic pistols and a sub-machine gun, looted the bank of Follansbee in the northern West Virginia panhandle shortly before noon yesterday.

West Virginia police, after a 12-hour manhunt, withdrew roadblocks late last night. They said they assumed the bandits had eluded the net and fled into Pennsylvania.

TO RESTORE EXHIBITS

Pittsburgh, April 14.—The International exhibition of contemporary painting, suspended in 1939, will be resumed next year at Carnegie Institute. A grant of \$225,000 from the A. W. Mellon Educational and Charitable Trust will finance the show through 1952. The exhibition was started in 1896 and was suspended during both the World Wars.

Royal Aims Passed Out In Traditional Fashion

London, April 14.—(P)—King George observed one old Maundy Thursday custom today and had a man hand out pennies to the old and poor in Westminster Abbey.

The monarch didn't follow through, however, on another Maundy Thursday practice. In the old days the sovereign used to wash the feet of the poor, too. They abandoned the habit in 1754.

The 54-year-old king, laid up with a circulation ailment in his legs, deputized the Lord High Almoner of England (this almsgiver). The Rt. Rev. E. C. Woods, Bishop of Lichfield, to pass out the royal alms today. Princess Elizabeth watched.

Differences Over Aid Bill Compromised

Washington, April 14.—(P)—The house today approved a \$5,580,000,000 compromise bill to continue the European recovery program.

Now the senate has to act before the bill goes to the White House for President Truman's signature—in just about the form the administration wanted it.

The house accepted the compromise version by a voice vote. It was whipped into shape yesterday by a conference committee which ironed out differences between the house and senate versions of how to extend the Marshall plan another 15 months.

Senate economy advocates talked of another stab at cutting the total authorization, but leaders there, as on the other side of the capitol, predicted speedy passage of the bill as it stands. The house takes up the measure first.

An appropriation bill must be passed later to provide actual cash for the program.

Senator Taft (R-Ohio) declared he is hopeful the appropriations committees will cut 10 per cent off the cash total. He led an unsuccessful fight to trim that amount off the authorization bill.

Senators Bridges (R-N. H.), Ferguson (R-Mich.) and Cordon (R-Ore.) expressed much the same hope.

Bridges said the appropriations committees should be able to make a cut "without impairing or interfering with the momentum of the program."

Cordon and Ferguson agreed that ECA must prove Europe needs the amount of money authorized by the compromise bill.

TRAFFIC DEATHS IN STATE DECREASING

Harrisburg, April 14.—(P)—The first two months of this year showed a drop in highway deaths as compared to 1948, according to figures of the State Bureau of Highway Safety.

The bureau said yesterday that traffic accidents took 204 lives compared with 209 during January and February of last year.

The reduction of 2.4 per cent compares favorably with a five per cent increase in the nation.

The biggest change occurred in February with 89 deaths listed this year for that month as against 102 a year ago.

Assembly Is Facing Debate On Alliance

New York, April 14.—(P)—A bitter full-scale debate on the North Atlantic Pact shaped up in the United Nations Assembly today as a result of Russia's opening blast here at the 12-power treaty.

The delegates had expected to switch back to committee meetings at Lake Success but the schedule was hurriedly revised after the United States and other countries demanded the floor to join battle on the pact.

Assembly President Herbert V. Evatt of Australia called plenary meetings of the 88 nations at Flushing Meadow Park for 11 a. m. 3 p. m. and for a night meeting if necessary.

Chief U. S. Delegate Warren R. Austin demanded the floor yesterday immediately after Andrei A. Gromyko, Russia's No. 1 deputy foreign minister, finished his 8,500 word attack on the pact signed April 4 in Washington.

Evatt, however, ruled that the U. S. already had spoken on the veto question—the item before the assembly—and could not speak again until other countries had their chance.

Austin then asked to be allowed to speak at the earliest opportunity. It was expected he would get the floor sometime this morning.

Gromyko charged the pact was intended as a means for preparing war on Russia. He said preparations already were under way for the war.

Austin issued a statement to the press last night denying the pact is aimed at any country.

HOUSE READY TO PASS BIG MONEY BILL

Measure to Finance 28 Independent Agencies Main Block in Easter Recess

HUGE SUM INVOLVED

Washington, April 14.—(P)—The house was set today to run its total money bills for this week over the \$24,000,000,000 mark—then quit until April 25.

A \$7,576,886,231 appropriation bill financing 28 independent federal agencies for the year starting July 1 was the main block in the path of the lawmakers' Easter recess.

Vacation-minded members appeared ready to shove it to the senate with the same speed which marked passage yesterday of a record peacetime \$16,000,000,000 defense bill and a \$595,840,000 emergency measure for veterans' education and unemployment benefits.

Those bills went to the senate, which acted last night on another highly controversial appropriation measure: A deficiency money bill which included \$2,500,000 to let the Tennessee Valley Authority start building a steam plant for generating electricity.

The bill to round out funds for a number of agencies in the fiscal year ending June 30, called for total expenditures of \$528,453,473. It was passed by voice vote and sent to a conference committee to iron out differences with the house measure.

The independent offices bill before the house appeared headed for no such battling as that which the TVA steam plant encountered.

But both money bills were expected to be aimed at restoring some of the money cut by the appropriations committee from the Veterans' Administration and (b) denying any money to the Selective Service Office on the ground the draft law is not needed.

The independent offices measure carried \$2,145,311,940 for the VA and \$1,090,120,337 for the Atomic Energy Commission. The 26 other agencies share the balance.

The total is \$734,680,599 less than President Truman requested. The VA would suffer a \$508,750,060 cut and the Atomic Energy Commission would be cut \$78,879,603. The remainder of the slash would be shared by the other offices.

The measure includes \$237,000,000 authorizing construction of veterans' hospitals despite the president's suggestion that the amount be cancelled.

SIMPLICITY MARKS SERVICES FOR KATHY

Chula Vista, Calif., April 14.—(P)—For Kathy Fiscus, "Sweet sister, a clear sky and our Father's love."

The minister said they were hers forever.

Then the little girl, whose death in an abandoned well near her San Marino home saddened the world, was committed to her grave.

The burial rites here yesterday followed by a few hours the funeral services at Alhambra. Both were marked with simplicity and were attended by a few hundred mourners, in addition to the family.

Three-year-old Kathy's body was brought up Sunday night from the 14-inch pipe into which she had fallen to a depth of 92 feet Friday. Volunteers worked desperately through 52 hours to reach the little victim.

The San Marino Congregational minister, Rev. Bertrand A. Christ, who had baptized Kathy, led both services.

TRUCK WEIGHT BILL CITED AS ESSENTIAL

Pittsburgh, April 14.—(P)—Jones and Laughlin Steel Corp. today declared its Pittsburgh district plants will have to curtail operations unless Pennsylvania gets in line with neighboring states on permissible truck load weight limits.

The present legal weight limit for loaded trucks is 45,000 pounds, compared to 60,000 to 74,000 in adjacent states. The state senate highways committee recently killed a bill to increase the state's maximum to 60,000 pounds.

President and Board Chairman Ben Moreell of J. and L. said Pennsylvania producers and shippers face "unnecessary and unfair" handicaps in competing with rival plants in other states which can ship heavier loads.

SCRAP PRICES DROP

Pittsburgh, April 14.—(P)—Steel scrap prices fell again today, dropping to a low of \$12.50 a ton, to have made a large price change of two grades of scrap at a \$2 a ton reduction. The drop brought No. 1 heavy melting scrap down to \$25 a ton, and brought No. 2 dealers' scrap to \$23. Both grades sold at \$15 a ton at the start of 1949.

Holy Thursday Services In Vatican City Are Colorful

Vatican City, April 14.—(P)—Holy Thursday began here today with a colorful pontifical mass at St. Peter's basilica during which holy oils produced at the church were consecrated.

The service, which lasted nearly two hours, was celebrated by Monsignor Francesco Borzetti, titular bishop of Caserta, Phidippi.

This will be followed by the Maundy service in the evening, during which the Papal altar will get a ritual cleansing with special holy oils and vines, commemorating the washing of Christ's feet before the Last Supper.

The canons of St. Peter's gathered for the blessing of the oils at the huge cathedral altar, at the west end of the nave of the church, which is the biggest in the world. Processions of canons and their assistants, all robed in gold-colored vestments, went from the altar to a chamber in a far wing of the church, bringing the oils to be blessed. These were in containers and covered with purple and gold cloths.

As the processions moved slowly over the marble floors, under the low foot height of Michelangelo's dome and into successively smaller chambers, hymns floated up from it. They were answered by responses from a Vatican choir near the altar.

After the oils were blessed they were returned, again in a solemn procession, to a special chamber from which the public was excluded, in the sacristy of the church.

Also this morning the more than 400 churches of Rome rang their bells for the last time until Saturday night. This is a sign of mourning for the crucifixion and burial of Christ. The ringing of the bells again on Easter eve will signalize the resurrection.

President Truman indicated today that he expects the government will run a billion dollars in the red on this year's operations.

In a news conference discussion, he said a special \$600,000,000 appropriation he has asked for the Veterans Administration will increase this fiscal year's deficit by that amount.

That money was asked of congress only last Monday. Prior to making it, Mr. Truman had estimated that government income in the present fiscal year ending July 1 would be \$599,700,000 less than its spending.

The \$600,000,000 was asked because GI benefits, particularly unemployment payments, are costing more than was anticipated when this year's budget was drawn up. The house has approved the fund, but the senate has not yet voted on it.

The in-the-red prospect has already brought fresh talk among tax experts in congress of what to do.

Two top Democratic tax managers in the house said congress "should have the courage to increase taxes" if the only alternative is a government deficit.

At the same time a top Democratic leader, who asked that he not be quoted directly, told reporters he believes it will be extremely difficult to pass anything like the \$4,000,000,000 general tax increase President Truman is insisting on.

Moreover, the threat of a tax cut instead of an increase developed in the senate finance committee.

\$49,122 of Missing Bank Funds Found Cashed in a Cemetery

New York, April 14.—(P)—Led to a lonely, rain-swept cemetery by an indicted bank executive, FBI agents last night dug up \$49,122 cash he buried beside his grandmother's coffin.

Discovery of the hidden money left only \$12,000 still not recovered out of the \$65,660 cash and bonds that Richard H. Crowe looted from his bank's vault.

He led federal agents to the hiding place after a two-hour talk with his wife and attorney.

A thick fog hung over the isolated Staten Island cemetery as federal agents shoveled under beams from portable floodlights and flashlights.

The cash was found in a metal box, buried about a foot deep just behind a seven-foot granite tombstone marking the resting place of Crowe's paternal grandmother.

U. S. Attorney Irving Saypol said the money was all in small bills, ranging from \$1 to \$20.

A metal examination has been ordered for Crowe, who is under indictment for embezzlement from a branch of the National City Bank where he was assistant manager.

Saypol said the cash was buried March 27, two days after the bank looting.

Crowe was taken in custody in a Daytona Beach, Fla., bar after a 10-day nationwide hunt by the FBI.

Babich is in jail on a charge of first degree murder in the death of Patricia. His preliminary hearing is scheduled for May 4.

SCHOOL GIRL'S TALE DENIED BY BABICH

Milwaukee, April 14.—(P)—Milton Babich, indicted "kidnaper" of a high school girl's story that he threatened Patricia Birmingham, 16, before she was slain last Feb. 10, his attorney said last night.

Carol Leszynski, 16, a school chum of Patricia, was quoted by police as saying Patricia told her she had been threatened by Babich.

Dist. Atty. William J. McCauley said the girl quoted Patricia as saying Babich was "getting fresh" with her and that he had told her he would harm her if she told her sister, Kathleen, about his attentions.

Patricia's body was fished from the Milwaukee river March 20—two days after Babich and Kathleen eloped to Michigan. She had been shot twice through the head and a concrete building block was tied to one foot.

Babich is in jail on a charge of first degree murder in the death of Patricia. His preliminary hearing is scheduled for May 4.

GERMANS ARE FACING LONG PRISON TERMS

Defendants Make Appeal on Grounds Court Which Tried Them Lacked Jurisdiction

TWO ARE EXONERATED

Nuremberg, Germany, April 14.—(P)—Nineteen high Nazi officials, convicted in the final American war crimes trial, drew prison sentences today ranging from four to 25 years.

Each will receive a reduction of sentence equal to the time he has spent in jail about four years. They promptly appealed to have the verdicts and sentences set aside on grounds the U. S. tribunal which tried them lacked jurisdiction.

Gottlob Berger, SS (Elite Guard) lieutenant general who was convicted of crimes including participation in mass murder and atrocities, drew sentences aggregating 25 years, the heaviest imposed on any of the 19. All had been found guilty of helping in various ways the Nazi horror program of aggression, plunder, brutality and murder.

The best known of the 19, Baron Ernst Von Weizsaecker, was sentenced to seven years. He is a former envoy to the Vatican and former secretary of the German foreign ministry.

He was convicted in the last of the long series of war crimes trials by American courts. Charges on which he was sentenced were helping Hitler plot aggressive war against Czechoslovakia and participating in the campaign of atrocities against the Jews.

Two of the 21 defendants were acquitted by the court which last night finished a three-day reading of its 832-page opinion. One of the three, American judges dissented from most of the convictions.

The court found the 19 sentenced today guilty in one way or another of helping in the Nazi program of aggression, plunder, brutality and murder.

One of the eight charges in the original indictment was dropped early in the trial. This was a charge of prewar crimes against the Germans.

Ernst Wilhelm Bohle, suave English-born chief of the Nazi party's foreign organization, was sentenced to five years.

Others sentenced were: Ernest von Gensbach, chief of the political division of the German foreign office and prewar councilor at the London embassy, seven years.

Karl Ritter, former ambassador for special assignments, known as the hatchet man of the foreign office, four years.

Edmund Veesenmayer, convicted of directing the liquidation of several hundred thousand Jews, minister plenipotentiary in Hungary, 20 years.

Hans Heinrich Lammer, one-eyed chief of the Reichsicherheit, who was convicted on six counts—more than any other defendant, also 20 years.

Richard Walther Darré, Argentine-born chief of food and agriculture, seven years.

Otto Dietrich, Hitler's press chief, seven years.

Gottlob Berger, S. S. lieutenant general, who acted as liaison with occupied territories, 25 years.

Lutz Schwerin Von Krosigk, former finance minister rated second to Hermann Goering on mobilizing Germany's economy, 10 years.

Paul Pohl, director of the Reichsbank, which turned into war cash good teeth and jewelry taken from gas chamber victims, five years.

Karl Rasche, head of the powerful Dresdener Bank and director of many concerns in occupied countries seized by the Nazis, seven years.

Paul Koerner, Goering's deputy in the four-year plan for war preparation, 15 years.

Paul Pleiger, Ruhr coal expert, who played a leading role in Nazi war production, 15 years.

Hans Kehrl, who once headed the Hoover Commission Task Force Sticks to Charges

Washington, April 14.—(P)—the discrepancy wasn't noted until striking back at army criticism, a Hoover Commission task force defiantly insisted today that the Army had padded its original 1950 budget requests.

The subcommittee of the government reorganization group flatly denied that its report on the national military establishment contained "misstatements of fact" as alleged by Secretary of the Army Royal.

It said the Army's comments disputing the task force findings actually "confirm the committee's report in every instance and in practically every detail."

For example, it said, its report that the Army had once "asked for funds to modernize 102 more tanks than it possessed" was absolutely true. The task force said

Firemen In Pleasant Are Raising Fund

Pleasant Township Volunteer Firemen report that returns already coming in from the letters sent out to various business establishments, residents and property owners of the township asking their support in the company's efforts to raise funds for purchase of fire equipment and materials for construction of a fire station.

Glenn Elliott, president, told the Times-Mirror today it is hoped to raise \$2,000 toward this purpose and that a substantial sum may be reported at the next regular meeting to be held in the Grange Hall at 7:30 p. m. Monday.

Frank Valone is treasurer of the fire company and says persons wishing to make contributions to the special fund may send them in him or address Pleasant Township Volunteer Firemen, P. O. Box 447, Warren, Penna.

The greatest single contribution made to the company thus far, Mr. Elliott states, is the gift by C. W. Zinger of a lot on Fuller avenue on which a station will be erected.

Companies Match Seep Agency Cuts

As was announced in an Associated Press dispatch in Wednesday's issue, the oil market Wednesday received its second reduction in a fortnight when the posted price was cut 35 cents by the largest purchaser of Pennsylvania grade crude oil.

The price reduction was announced by the Joseph Seep Agency, purchasing organization for the South Penn Oil Co. The cut affects all grades of Pennsylvania crude purchased by the agency and is the sixth posted since year's end. Accumulating oil stocks were blamed by George Hank, South Penn president.

New prices posted by Seep Wednesday are:
Bradford Allegheny \$3.40, Pennsylvania Grade crude in southwest Pennsylvania lines \$2.94; Middle District (Kane-Butler) \$3.40; Pennsylvania oil in Enbridge and Buckeye lines \$2.88.

South Penn last cut prices 20 cents a barrel April 1. The downward spiral started last Dec. 11. Total reduction to date amounts to \$1.60 per barrel.

Wednesday's reduction was matched by six other companies. These firms are Kendall Refining Co., and Tide Water Associated of Bradford; Pennzoil Co., a South Penn affiliate, of Oil City; United Refining Co., Charleston, W. Va., and the Waverly Oil Works, Pittsburgh.

Pennsylvania oil, after slim years through the depression, hit the highest price in nearly 27 years when South Penn posted a \$8.00 maximum for top grades on Dec. 8, 1947.

During World War II, the government paid a subsidy of 75 cents a barrel to Pennsylvania Grade producers. This subsidy was steady.

Some of his hits are "Casablanca," "Night and Day," "This Is The Army," "Mildred Pierce" and many others, each production in a different vein.

"My Dream Is Yours" has four new Harry Warren-Ralph Blane songs in addition to a wealth of familiar established hits which are drafted into use for the rich musical frame which Ray Heindorf has steered. LeRoy Prinz is responsible for the dancing stanzas.

Beside the trio of stars, Adolphe Menjou, Eve Arden, S. Z. Cuddihy, Sekall, Selma Royle, Ada Leonard and an all-girl orchestra and Frankie Carle and his piano are also prominent. Doris Day who skyrocketed to film prominence with her singing of "It's Magic" in "Romance on the High Seas" carries most of the singing assignments in the new offering.

New Orleans lies below the high-water levels of the Mississippi, the Gulf of Mexico, and Lake Pontchartrain.

Conservation Meeting At Sugar Grove

A farm conservation demonstration will be held at the James Loecey farm two miles west of Sugar Grove, on Friday, beginning at twelve noon. The Sugar Grove Farm Supply is sponsoring the demonstration in cooperation with Mr. Loecey, a veteran agricultural instructor. Technicians from the Warren County Soil Conservation district will assist in laying out the various conservation practices. Two new pieces of farm equipment will be demonstrated for the first time in Warren county. The first one, a pasture harrow, will be used to break up old pasture sod prior to reseeding and fertilization operations. The second machine, a whirlwind terracer, will be used in constructing a drainage type terrace. A tractor and regular moldboard plow will also be used to construct a second drainage terrace in order to provide a comparison to the one constructed by the terracer. Soil conservation practices to be installed during the afternoon include harrowing, reseeding, and fertilizing new pasture, construction of drainage terraces, contour plowing, erection of a new type electric fence, planting of a permanent, living multiflora rose pasture fence, planting of a wildlife shrub border and sugar bush management practices. Of particular interest is a new type of grass to be seeded in the pasture. This grass, called Kentucky 31 Fescue, comes from that state and is adaptable to wet pastures in mixture with ladino and/or white clover. This is the first seeding of this new grass in the county. The demonstration will begin promptly at 12 noon. All farmers and others interested in conservation and these new farm machines should plan to attend.

Church Seeks Young People For Missions

Methodist youth in many sections are interested in the call issued by Dr. Ralph E. Diffendorfer, of New York City, for 40 young men and women who will serve for three-year periods in Pakistan or India. According to the public relations committee of the Erie Conference, these workers are needed for educational, pastoral, medical, nursing, relief, and special technical services to the recently freed peoples in those lands. The call is for unmarried men and women between the ages of 21 and 28 years, with college training and active in some protestant church. Local Methodist pastors will advise and direct any who are interested in this call to service. The call of Dr. Diffendorfer has been seconded in statements from Methodist Bishops J. W. Pickett in Delhi, S. K. Mendel in Hyderabad, J. A. Subhan in Bombay and C. H. Rockey in Lucknow, who will place the volunteers in teaching positions in high schools and colleges, pastorates of English-speaking churches, in hospitals, clinics, etc. They will first be given six weeks of intensive training in New York City, during July and August, and will sail in early fall.

Farm Calendar

Clinton Is Best—Among the newer oats varieties, Clinton is one of the best, according to J. B. Dickey, extension agronomist of the Pennsylvania State College. Reports that farmers have found it heads the list of all varieties for general soil and crop conditions. Clinton 57 is an improved strain of this variety. Care for Seedlings—When forest tree seedlings arrive from the

nursery, cut open the bundles at once to prevent heating, spread them out, and store in a trench. F. T. Murphy, extension forester of the Pennsylvania State College, says that seedlings heeled in well can be held for planting until the middle of May. Use Good Plants—Gardeners when buying plants should insist on well-developed root systems because no plant is better than its roots. J. H. Boyd, extension vegetable specialist of the Pennsylvania State College, urges use of

transplants rather than seedlings. Select short, stocky plants hardened to outdoor temperatures. Turn off Lights—Now that the days are longer, artificial lighting for laying hens may be discontinued, reminds C. O. Dossin, Penn State extension poultry specialist. Turn the lights on a half-hour later each day until a full day of daylight is reached. Pigs Gain Fast—Pigs increase their weight 10 times the first six weeks of life, fastest gain of any farm livestock. Since the sow's milk accounts for most of this gain, L. C. Madison, Penn State extension livestock specialist, urges long nursing periods. Practice Safety—You can never trust a bull, especially the "gentle" bull which may be a potential killer. Penn State extension agricultural engineers urge use of a safe bull pen.

POLITICAL COURAGE

It has been said that the beneficiaries of Marshall Plan funds are parasites living lazily off the hard-earned dollars of American taxpayers. It has been said that those funds are being used to finance state socialism, a system that is repugnant to most American taxpayers. The new British budget should silence those complaints, at least as far as the United Kingdom is concerned.

One may thank his lucky stars that he does not live in England. At the same time he may admire the political courage of Sir Stafford Cripps. The Chancellor of the Exchequer courted and won unpopularity, even in his own party, with his budget. But he stuck to a course which he thought was right, and which undoubtedly is right.

There will be no relief from the punishing taxes that the British pay. There will be more austerity. There will be higher food prices through a reduction in subsidies. And these things will be so because Sir Stafford insists that his country reduce its dollar shortage, and that it pay for the broad social security benefits it voted for out of its own earnings.

Sir Stafford might have asked for more ERP funds than he did. He might have said that the British could no longer endure the heavy burden of the bleak postwar years. Instead he risked losing his party's supremacy by an unpopular program as necessary as it is bitterly unpopular.

It is not often that a political leader goes to such lengths to scorn expediency and popularity for the sake of candor. He deserves some applause from this side of the ocean, too. By imposing a national sacrifice he has shown us that Britain is not asking us to underwrite the Labor Party's social experiment.

SUNDAY SCHOOL WEEK

A life steadily becoming more complex invades ever more the weekly day of rest. In large part Sunday has become a day for amusements, sports and other means of relaxing from the activities of workday existence. But relaxation can be overdone, and it is well to direct attention to the fact that this is Sunday School Week, and to recall the early decades in our country, when the Sunday School played a large part in not only the country's religious life, but also in general education.

Dr. Harry Emerson Fosdick wrote recently an impressive article asserting that the Americans have become religiously illiterate people. There is too much truth in the statement. No one who knows our early history can fail to be impressed by the part played in the people's lives and in our literature by knowledge of the Bible. It was often the only book in the home. It opened new vistas on existence. It is hardly saying too much to assert the Sunday School was regarded in those older days as virtually as important as attendance at the public school. It is still important. The boy or girl who does not attend a Sunday School is deprived of a factor needed for the building of character, needed today more than ever before; is deprived also of one of the foundations of a liberal education. In this troubled world the chief hope for mankind's continued rise in civilization and human dignity rests with the English-speaking nations: The United States and the British Commonwealth of Nations. Their common language, their common customs and the King James version of the Bible are the strong links that unite them. Without the Sunday School, one strong link would be lacking.

SUBSTITUTING FOR JESUS

"Then saith He to the disciple, Behold thy Mother;" John 19:27.

John was being put in Jesus' place; The Mother-Son relation would no longer be Mary-Jesus, but Mary-John.

There were places that John could not substitute for Jesus, but here is one place he could, and did.

Substituting for Jesus! He substituted for us on the Cross, but can we ever take His place?

Isn't this what Jesus meant when He used interchangeably, "I am," and "Ye are" with the phrase, "The Son of Man"? That Jesus did mean when He said, "We pray you in Christ's stead, be ye reconciled unto God?"

"In Christ's stead!" Do these words ring in our ears as we go about our every day tasks in the home, shop, or office? Does our heart tell us this is what we are doing as we sing in the choir, each the Sunday School class, speak from the pulpit, or attend the Church?

What a great responsibility! What a wonderful privilege!

HERE
and
THERE

Today, we offer something that will be of practical interest to oldtime and especially enlightening to the younger generation, in a review of a talk delivered twenty years ago this week, by the late W. F. Messner, one of the borough's leading citizens for many years. From the Warren Times-Mirror of April 12th, we reprint the following: "W. F. Messner recalled the early days of the borough in an interesting talk given before members of the Kiwanis Club. He began his talk by describing the corner of Liberty and Second avenue a half century ago, where the Warren National Bank now stands. The Russell Tavern occupied that spot, and had a barroom entrance on Liberty street. Variety Hall stood where the Metzger-Wright building is now located. In the same vicinity was a brewery and the Allen block was on the opposite corner. A fire in the early days wiped out a row of buildings on Liberty near Pennsylvania avenue. Across the street was the old Warren mills and buggy factory. Mr. Messner also recalled hearing Horace Greeley make a speech from the wooden balcony of the old Carver House. There were two papers, the Mail and the Ledger. Torchlight parades were a part of political battles and one time Republicans substituted water for kerosene in lamps that Democrats intended to use in the procession. On the corner of Market where the high school now stands was another tavern known as Ludlow House. The Watson House was across the street and one had to pass through a dense woods to get to the creek. The court house jail was located where the Fred Hue residence (400 Market street) now stands, and the covered bridge that once crossed the creek on Pennsylvania avenue, went out in an early flood. Mr. Messner was present when the first earth was turned for the erection of the old Suspension Bridge. A blacksmith shop was doing business where the Lyric Hotel (Sitter House) now stands. He saw the first water mains laid in Warren, the first gas lights, the first electric lights, the first automobile. He told of a wedding where the bride, a representative of one of the pioneer families, was to wear silk hose, but he said he never knew whether or not she had because her dresses were so long no one could see her ankles. Chic Sale, comedian appearing in Gay Paree at the Library, arrived to hear Mr. Messner's speech and complimented him highly, having enjoyed the remarks of the local man as much as any Warrenite present."

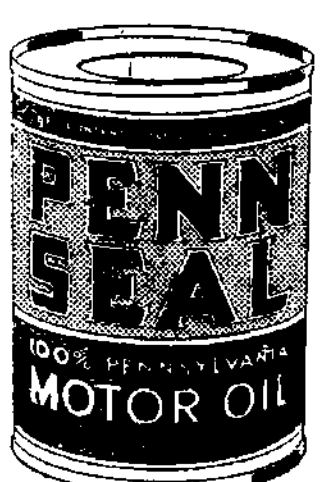

Potpourri: Chic Sale, referred to in the above article, was one of the leading comedians of his time. Appearing in a stage show at the Library theatre the day of the Kiwanis meeting, and reaching

From where I sit... by Joe Marsh

There'll Always Be
a "Gawker"

"Harry the Hermit," as he's called, came into town last week and, as usual, caused quite a stir. He looks like a cross between Santa Claus and Daniel Boone.

We had a friendly glass of beer together and I asked him, "Don't you ever get annoyed at the way some people laugh and stare as you go by?" "Shucks no," Harry says. "Only while they're laughin' at me, I'm feelin' a mite sorry for them. Imagine—folks so ungrateful they can't see I'm really just the same as they are underneath."

From where I sit, Harry's a lot more "civilized" than the people who make fun of him. He's contented, lives the way he believes is right without harming anyone—and what's more, he's tolerant of others whose tastes in living are different from his.

Maybe we all don't look the same, or act the same, or eat or drink the same, but in a free country, why should we?

Community Three-Hour Good Friday Service Will Be Held At First Methodist Church

The community three-hour Good Friday service, sponsored yearly by the Warren County Ministerial Association, will be held in the First Methodist church, 12:00 to 3:00 p. m., with Rev. Wayne Furman presiding.

The general theme for the service is to be "The Seven Last Words From the Cross" and the final hour of the service is being broadcast as a courtesy of WNAE, with Rev. Gordon V. Woods, Nazareth pastor, announcing.

Music will be under the direction of Miss Evelyn Wolstencroft and vocal numbers for the first six periods will be sung by a mixed quartet composed of Mrs. Francis Ericsson, Miss Frances M. Carlson, Monroe Marshall and Clement Wolstencroft. For the final period, the music will be by the Warren Boy Choir, directed by Byron Swanson.

At 12:00 noon, the first word, "Father, Forgive Them, They Know Not What They Do," will be presented by Rev. Harold Knapenberger, pastor of Grace Methodist church, and the quartet will sing "O My Father" by Alexander.

The second word "Today Shalt Thou Be With Me In Paradise," at 12:30 p. m., will have for speaker Rev. Palmer N. Taylor, Russell, with Rev. David Carlson, of Bethlehem Covenant church, giving the prayer and the quartet singing "Lord, When Thy Kingdom Comes, Remember Me" by Champneys.

Rev. Roger Morey, of Bethel Evangelical United Brethren church will be heard at 12:55 p. m., speaking on the third word: "Woman, Behold Thy Son," with Rev. Harry Beveridge, Lander, delivering the prayer and Caswell's "Who on Christ's Dear Mother Lament" as the quartet selection.

The fourth word, "My God, My God, Why Hast Thou Forsaken Me?" is to be preached on at 1:20 p. m., by Rev. Harold Lindquist,

Youngville, with Rev. C. C. Van Clarendon, praying and the quartet singing "Silent Through These Three Dread Hours" by Ellerton.

At 1:45 p. m., the fifth word, "I Thirst," will be given by Rev. J. D. Abbott, Pilgrim Holiness pastor. Rev. Stacy Barr, Free Methodist minister will voice the prayer and the quartet will use Torrance's "His Are the Thousand Sparkling Hills."

Rev. A. J. Kimmel, pastor of First Evangelical United Brethren church, will speak at 2:10 p. m., on the sixth word, "It Is Finished." The prayer is to be given by Dan Walton, YMCA secretary, and the quartet will sing "Passing From the Cross of Sorrow" by Sangster.

The closing period will begin at 2:30 p. m., with Dr. Robert S. Steen, of First Presbyterian church speaking on the seventh word, "Father, Into Thy Hands I Commend My Spirit," and Rev. E. W. Chitester, Youngville, giving the prayer. The Boy Choir will sing Robertson's "All In An April Evening."

Those in charge ask that worshippers enter and leave only during the organ interludes which occur at the opening of each period.

Flasks will be found at the various entrances for the freewill offering with which necessary expenses of the Holy Week services are defrayed. One-half of the Good Friday offering will go to relief work through the YMCA World Youth Fund and the World Council of Churches.

A cordial invitation is extended to all in the community interested to participate in part or all of the three-hour worship. First Methodist church is located at the corner of Market street and Second avenue.

Talent Recognition Show Committee Posts Its Rules and Regulations

For months the committee in charge has been working out plans for the Woman's Club third annual Talent Recognition Contest. Items of general interest have been announced from time to time. Now come specific information on Classifications and Rules for the show.

Although new efforts have been made to encourage students in the borough and county schools to enter their original work, the committee stresses the fact that entries from adult amateur artists are especially wanted.

Which is your medium? Is it water-color, or oils, pen and ink, pencil, pastels, crayon or charcoal? Or do you work in poster paint or do engraving? Perhaps you are a camera fan. If so, get your best prints ready for mounting in the three-dimensional field there will be work in soap and wood carving and, it is hoped, clay modeling and sculpture. This year's new feature is tooled leather. A word of caution—posters, knitting, sewing and embroidery will not be included. Also, nothing will be sold at the show.

The rules are simple and self-explanatory. 1—The work of school pupils should be assembled by the schools and must be in the hands of Mrs. Gerda Lawrence of the Warren High School art department by May 12th.

2—All other entries will be received at the Woman's Club Auditorium on Tuesday afternoon, May 17th, from one to six in the afternoon.

3—Only original work which has not been exhibited before at the Woman's Club will be eligible for prizes. By "original" is meant no copies of other artists' work.

4—Pictures must be mounted on cardboard or framed.

5—It is requested that each entry, including photographs, be given a title.

6—There is no size limit on drawings or paintings.

7—Photographs to be eligible for prizes must be sizes 8x10 inches or 11x14 inches. These must be mounted on stiff cardboard or photographers' mats.

8—Only amateurs, not professionals, will be eligible for prizes. The work of professional artists may be exhibited by special arrangement with the committee.

9—The contest is open to Warren county artists. This includes students away at school whose homes are in Warren county.

10—Entries must be claimed on Saturday, May 21, at the close of the show, between 5 and 8 p. m.

11—The Talent Recognition Exhibit is open to the public free of charge on three days: Thursday and Friday, May 19 and 20, both afternoon and evening, from 2 to 9 p. m., and on Saturday, May 21, in the afternoon only, from 2 to 5 p. m.

The above rules will be posted at the Warren Public Library and also at the Woman's Club.

Grade school entries are to be screened this year and final entries selected for hanging at the show. The selection committee consists of Mrs. Gerda Lawrence, of the High School, and Miss Golda Hill and Joseph Spence, of Beatty Junior High School.

Any Warren county amateur artist is welcome to submit one or more pieces of his work in this Talent Recognition Show. There is no entry fee, and the show is open to the public free of charge.

Details Important In Coming Concert By PAK Choristers

PAK's choir concert scheduled for Saturday evening, April 23, at the Woman's Club auditorium is sure to prove an excellent presentation, if staging and lighting detail will help.

Clyde Smith has painted a huge replica of "The Nutcracker Suite" emblem, which, with special lighting and formal dress for choir members, will make a beautiful setting for Fred Waring's arrangement of this beautiful music.

Accompaniment will be two pianos played by Charles Hutchings and Mrs. Robert H. Wade, with flute obligato for the "Dance of the Flutes" played by Elizabeth Dunham and Nancy Whipple. Ballet dancing by Nancy-Lee Plummer will feature "The Waltz of the Flowers".

Five numbers from "The Nutcracker Suite" will be used as follows: Overture; Dance of the Sugarplum Fairies; Trepak; Dance of the Toy Flutes; and Waltz of the Flowers.

Soloists will be Teresa Marie Fino, Nancy Lee Plummer and David Clark. Miss Fino and Mr. Clark will be remembered for their portrayal of the lead parts in PAK's staging of "HMS Pinafore" last season.

Tickets for the concert are available from any choir members or at the offices of First Presbyterian, Trinity Memorial and First Methodist churches.

Miss Lorenz Plans Open Church Rites

Farmington And Sugar Grove PTA Elects Officers

Lander, April 14—Mrs. Arvid Gruber was elected president at the April meeting of the Farmington-Sugar Grove Grade School PTA, held in the local school building on Tuesday evening. Others named to serve as officers in the coming year are: Mrs. Roy August, vice president; Mrs. Ray Gruber, secretary, and Mrs. Donald Ludwick, treasurer.

Mrs. Floyd Marsh presided at the session. Mr. Rossell led the singing and Rev. H. W. Beveridge had charge of devotions. The treasurer's report showed a balance of \$50.37.

Mrs. Northrop, cafeteria committee, reported 1,847 Type A and 231 free lunches served during the month of March and a balance of \$252.30 in the treasury as of April 1. It was reported the light in the kitchen had been repaired by the school board.

Other reports showed \$19 was realized in the bake sale held in Sugar Grove and \$23.37 from the sale in Lander. It was voted to contribute \$11.50 to the Golden Jubilee Fund. Announcement was made that there will be no spring pre-school clinic and a communication was read concerning the district PTA conference to be held in Erie on May 3.

The president announced a ten per cent increase in membership for the group. It was voted that the president should name a committee to buy some folding chairs. The penny collection amounted to \$3.90 and went to rooms taught by Mrs. Sechrist and Mrs. Anderson.

At the close of the business session, Dr. Joseph Sugerman, of Warren General Hospital, gave an instructive talk and showed a film on cancer. Russell and Roger Thelin sang three vocal duets and the evening was concluded with lunch served by a group from Sugar Grove.

It was decided to continue serving lowing the meeting, as had been done previously during the summer months. Reports showed receipts for the day amounted to \$21.20. Mrs. Clair Putnam, Mrs. Homer Lindell and Mrs. Clara Burgett were named as a nominating committee for election of officers at the May meeting, and it was decided to hold that session on May 5 instead of the regular date, so that members might attend the District meeting in Jamestown on May 4. ST. JOSEPH'S UNIT

St. Joseph's PTA held its regular meeting Tuesday evening in the school clubrooms with a fairly good attendance of parents and the seventh and eighth grades winning the attendance prize for last month.

After the usual routine business discussions, a report was made by Mrs. James Tridico on the spaghetti dinner for which she and Mrs. Rose Rizzardi were co-chairmen. WORKMAN INJURED

Paul N. Bithner, 40-year old West Mead (Crawford county) supervisor, was injured critically Monday morning when he was struck and thrown about ten feet by the rising bed of a dump truck. Anniversary Crusade Plans Discussed By Scout Heads

The Boy Scout unit representatives of the Warren County Council, Boy Scouts of America, met Monday evening in the courthouse with the Executive Board to further the plans for Scouting's 40th Anniversary Crusade to strengthen the arm of Liberty.

Vice-president E. W. Knapp opened the meeting with a brief review of the purpose of the Crusade and how the unit committees fit into the picture.

T. R. Sponsler, leadership training chairman, gave a review of the work for his committee and told of the future plans for training unit leaders. H. L. Blair, advancement committee chairman, told the group of the many service opportunities and told how the unit committees can help each boy advance at least one rank each year.

Scout Executive Frank Parker reported the decisions of the Camping and Activities committee regarding summer camping at Camp Olmsted and the spring camporee. Camp Olmsted will probably have the largest attendance that it has had for some time. Camp will open on July 13 and continue to August 10. Three new activities will be added to the activities field: Archery, casting and a rifle range. The committee hopes to have enough equipment to en-

able each camper to take part in all these sports.

IS GRADUATED

A special Army dispatch from Chanute, Ill., Air Force Base, brings the news that Pfc. William Sveda, son of Mrs. Agnes Sveda, Pittsfield, was graduated recently from the airplane woodworkers course. His training consisted of instruction in which a graduate airman is qualified for duties involving inspection, maintenance and repair of wooden airplane parts and assemblies, and the fabrication and installation of replacement parts. Young Sveda entered service January 22, 1948, and holds the Expert Carbine Medal.

IS SUPERVISOR

News comes from Eighth Army headquarters in Yokohama, Japan, that Recruit Charles H. Kane, son of Mr. and Mrs. David Kane, 18

Third street, Tidoute, who is serving with the 21st Transportation Car Company in Yokohama, is now one of the enlisted men of his unit who have been assigned the supervision of a section of Japanese drivers.

With the number of soldier drivers inadequate to meet occupation needs in the area, Japanese personnel fill a real need. Recruit Kane is responsible for the proficiency of his section in driving and for their performance of preventive maintenance on their vehicles. The county man entered the Army in 1948 and arrived in Japan in March of this year.

IS IN JAPAN

It will be news to many friends that Recruit Eugene R. Manfrey, son of Mr. and Mrs. Frank Manfrey, 30 Walnut street, has arrived in Japan and has been assigned to the Medical Detachment, 58th Signal Battalion in Kyoto. Young Manfrey entered the army on September 7, 1948, and completed his basic infantry training prior to going overseas.

Personnel of the 58th are engaged in the installation, operation and maintenance of signal communications in the First Corps zone of responsibility on Southern

Honshu and the islands of Kyushu and Shikoku.

The current exhibits in the library have been attracting much interest. There is a collection of humorous books on the center table in the reading room, with the appropriate sign, "Gin and Share It." Another collection of books near the circulation desk feature the notable books of the past year. The books in both of these exhibits are for circulation and are proving very popular.

New books of interest include Ellsworth's Council Fires which will be of value to Scout leaders and anyone planning camp programs. The book describes traditional Indian ceremonies and gives complete details for making masks, drums and other equipment needed.

The war in the Pacific is combined with fishing in an unusual and fascinating book, "Fishing in Troubled Waters." This book, by W. M. Chapman, is neither "sport" nor "war," but it tells of adventures experienced by the men who supplied fish to the army on the Pacific Islands. These men were one of those groups of non-combatants who had to brave many of the usual hazards of war with not much more than their own wits to protect them.

Director Is Named For Girl Scout Camp This Summer

Mrs. Ralph Van Ord, president of the Warren County Council of Girl Scouts, conducted the monthly meeting of board members, when announcement was made that Mrs. W. H. Hoffman, of Junita, has been secured as director for Camp Birdsall Edey this season. Mrs. Hoffman has an extensive knowledge of the Girl Scout program and comes highly recommended.

Camp dates are set with two one-week sessions for Brownies (girls 7 to 10 years) beginning June 17 and June 24. The Scouts and Senior Scouts (girls 10 to 18) will camp from July 6 through August 3 for four one-week sessions. Although one-week sessions are listed, girls may register for as many sessions as they desire. Camp folders will be in the mail within the next few weeks. Plans for camp opening are progressing rapidly and an excellent staff is being signed up to assist Mrs. Hoffman.

Mrs. Fred Emhardt, camp chairman, said that any contributions of household items, victrola records, cleaning rags, books, bicycles, etc., will be gratefully accepted. If anyone having such items will please contact a member of the camp committee or the office, arrangements will be made to pick them up.

Mrs. Walter Mathew, public relations committee chairman, reported on the birthday celebration, plans for Memorial Day parade, float for the July 4th parade, and also announced that arrangements are being completed for two radio programs over WNAE.

The program committee chairman, Mrs. Harold Stohl, gave a report on the American Girl booth and her committee's part in the birthday celebration. She also announced that plans for the activities will be announced in the May Trefoil. Leaders of troops have been asked to submit, in writing, suggestions of badge activities their girls would not only like to participate in, but which they would complete during the summer months.

Mrs. F. L. Abendroth, training chairman, reported on the training sessions conducted by Miss Jessie Brittingham recently. Sixteen leaders and co-leaders completed the group leadership course while 13 are now certified volunteer trainers. Many other opportunities of the training opportunities and attended some of the sessions. Standing committee members also held special meetings at which time Miss Brittingham helped them with specific problems.

Plans for the outdoor activities course, scheduled for May, were announced. There will be two indoor meetings on May 4 and 11, with an over-night at Camp Birdsall Edey on Friday, May 20. Registrations for this course are being accepted at the office now.

The Juliette Low committee, with Mrs. Vance Weld as chairman, told of the Junior Juliette Low meeting, and of the change in plans for the presentation of troop contributions to the Juliette Low World Friendship Fund. This date has been changed from April 30th, to Sunday, May 22nd, at which time girls with their dad, or a proxy father, will assemble at Camp Birdsall Edey for a Scouts' Own at 4 p. m., each girl bringing a lunch packed in a box for herself and dad. Two representatives from each troop will make the troop contribution to the fund.

The organization committee announced that a new troop of Intermediate Scouts has been investigated at Grand Valley. Mrs. Weiler also gave assignments of troops to a Neighborhood Club—the Pleasant Township troop with Allegheny West Club; Irvine troops with the Starbrick Club; and Grand Valley with the Youngsville Club.

Mrs. Van Ord announced that members of Section I, Region III, committee will meet in Warren on April 22nd. Warren county members serving on this committee are Mrs. Ralph Van Ord and Mrs. Harold Stohl. Members of the program and Juliette Low committees have been invited to attend this sectional meeting.

It was also announced that the next council meeting will be held the latter part of May in Sheffield.

New Officers Installed By Sons of Italy

At a meeting Sunday the newly-elected officers of the Sons of Italy Lodge Gorizia No. 1178 for the period of 1949 to 1951 were installed.

Victor Notarianni, the grand deputy from the Grand Lodge of Pennsylvania, was present and conducted the installation. Angelo Zingone assisted him as the herald during the installation.

After the installation of officers, Mr. Notarianni spoke on the good work that the grand lodge has been doing in raising funds for the erection of the Cassino Memorial Orphanage. This Cassino Memorial Orphanage is to be built as a living monument at Cassino, Italy, in honor and in memory of the American soldiers who fought and lost their lives at Cassino. He said that this campaign was being held in all the Sons of Italy Lodges in America and that once this memorial is built the Sons of Italy in America will maintain the orphanage. He further stated that the grand lodge was well pleased with the local campaign in Warren for the contribution of \$1,000 which has already been turned over to the Cassino Memorial Orphanage Fund.

Dominic Rizzo who has been the president during the past two years, and the other officers who served with him, were commended very highly by the assembly for their many achievements during the past two years.

The lodge honored the newly installed president, Dan Fillis, who is one of the three charter members. Mr. Fillis, Joe Gerarde and Gennaro Pelliggi were the three charter members when the lodge was founded on November 20, 1922.

The following officers were installed: Dan Fillis, president; Joseph L. Bonavita, junior vice president; Sam Pascuzzi, orator; Joe Manno, recording secretary; Anthony Bonavita, financial secretary; Joseph A. Regina, treasurer; trustees, Joseph B. Pace, John Carbone, Carl Grillo, Ralph Valone, Bruno Salerno; masters of ceremonies, Sam T. Brindis, Dominic Cervola; sentinel, Michael Russo.

Joseph L. Bonavita, Jr., is the new grand delegate and Joseph Critelli is the alternate delegate to the grand convention which will be held at Wilkes Barre in July, 1949.

New Pastor Known Here Accepts Call

The Rev. Stuart Perrin, son of the Rev. and Mrs. Carl Perrin, formerly of Sugar Grove, now residing in Emlenton, and son-in-law of Mr. and Mrs. B. R. Erickson, Franklin Street, has been graduated from Princeton Seminary and has accepted a call to the Emmanuel Presbyterian church, 28th and Perry streets, Erie.

Rev. Perrin, Air Forces pilot in World War II and holder of the Distinguished Flying Cross, will conduct the first service in his new parish on Easter Sunday morning.

He will be ordained and installed as pastor next Thursday evening, April 21, with officials of Erie Presbytery participating in the service.

The new pastor served two and one-half years in the Air Forces, half of that time overseas as a B-26 pilot. He totaled 60 combat missions and was awarded the Air Medal with two Oak Leaf clusters, the Purple Heart and the DFC.

Before entering military service, Stuart attended Maryville College and Vanderbilt University in Tennessee, and served as an assistant boys' work director at the Nashville, Tenn., Central YMCA. He was graduated from Princeton University, magna cum laude, in 1946, with a bachelor of arts degree in psychology.

His theological work was done in Princeton Seminary, 1946, to 1949, and he will receive his divinity bachelor's degree there in June. He has been serving as pastor of First Presbyterian church in Columbus, N. J., for two years.

His wife is the former Romaine Erickson, of Warren, and they have one son, Karl Eric, aged 21 months. They will reside in the new manse at 847 East 28th street, opposite the church, which was purchased by the congregation last November and has been completely redecorated.

It is understood the church interior will be redecorated soon. Basement rooms have been painted and improved and a new office has been opened in the church building.

AMMONIA SPRINGS LEAK

Pittsburgh, April 14—(AP)—Leaking ammonia fumes ruined \$20,000 to \$25,000 worth of frozen foods in a southside factory yesterday. Lives of 82 employees were endangered as the noxious fumes spread through the three-story plant of the Meadow Gold Foods Co. on West Carson street, South Side. Workmen cleaning ice from a storage room freezing unit discovered the gas coming from a leaking coil.

Letters to the Editor

April 11, 1949.

To the Editor
Warren Times-Mirror:

To the people of Warren and the Warren General Hospital Committee:

Back in February, 1946, you said you needed more room for the hospital. Now in April, 1949, it appears that you no longer need extra room, even though it is extremely difficult to secure a room for persons with pneumonia or other serious illness. It also seems to me to be strange that the Warren General Hospital is not able to supply a better contagious ward for children, completely isolated from rooms containing surgical patients.

Following your drive in January, 1947, to secure funds for the new hospital wing, in which you asked for one week's pay, or \$40.00, the working class hard-earned money, you said building would begin immediately. The total amount received, \$400,000, is a pile of money that should build a beautiful wing. Now you say that you are delayed by high prices. Why do you want to stall until 1950? Prices may be just as high then as in 1947. It is a shame to lead back four or five years, hanging on to the working class' hard-earned money which they willingly contributed for a badly-needed cause.

If this building is not started soon, can you blame the working-man for not contributing to any more of your drives? A Giver.

Eviction Rule Interpreted By Director

Under the new federal rent law effective April 1, evictions are now back under the jurisdiction of the housing expediter, Area Rent Attorney Charles D. Cowley announced today.

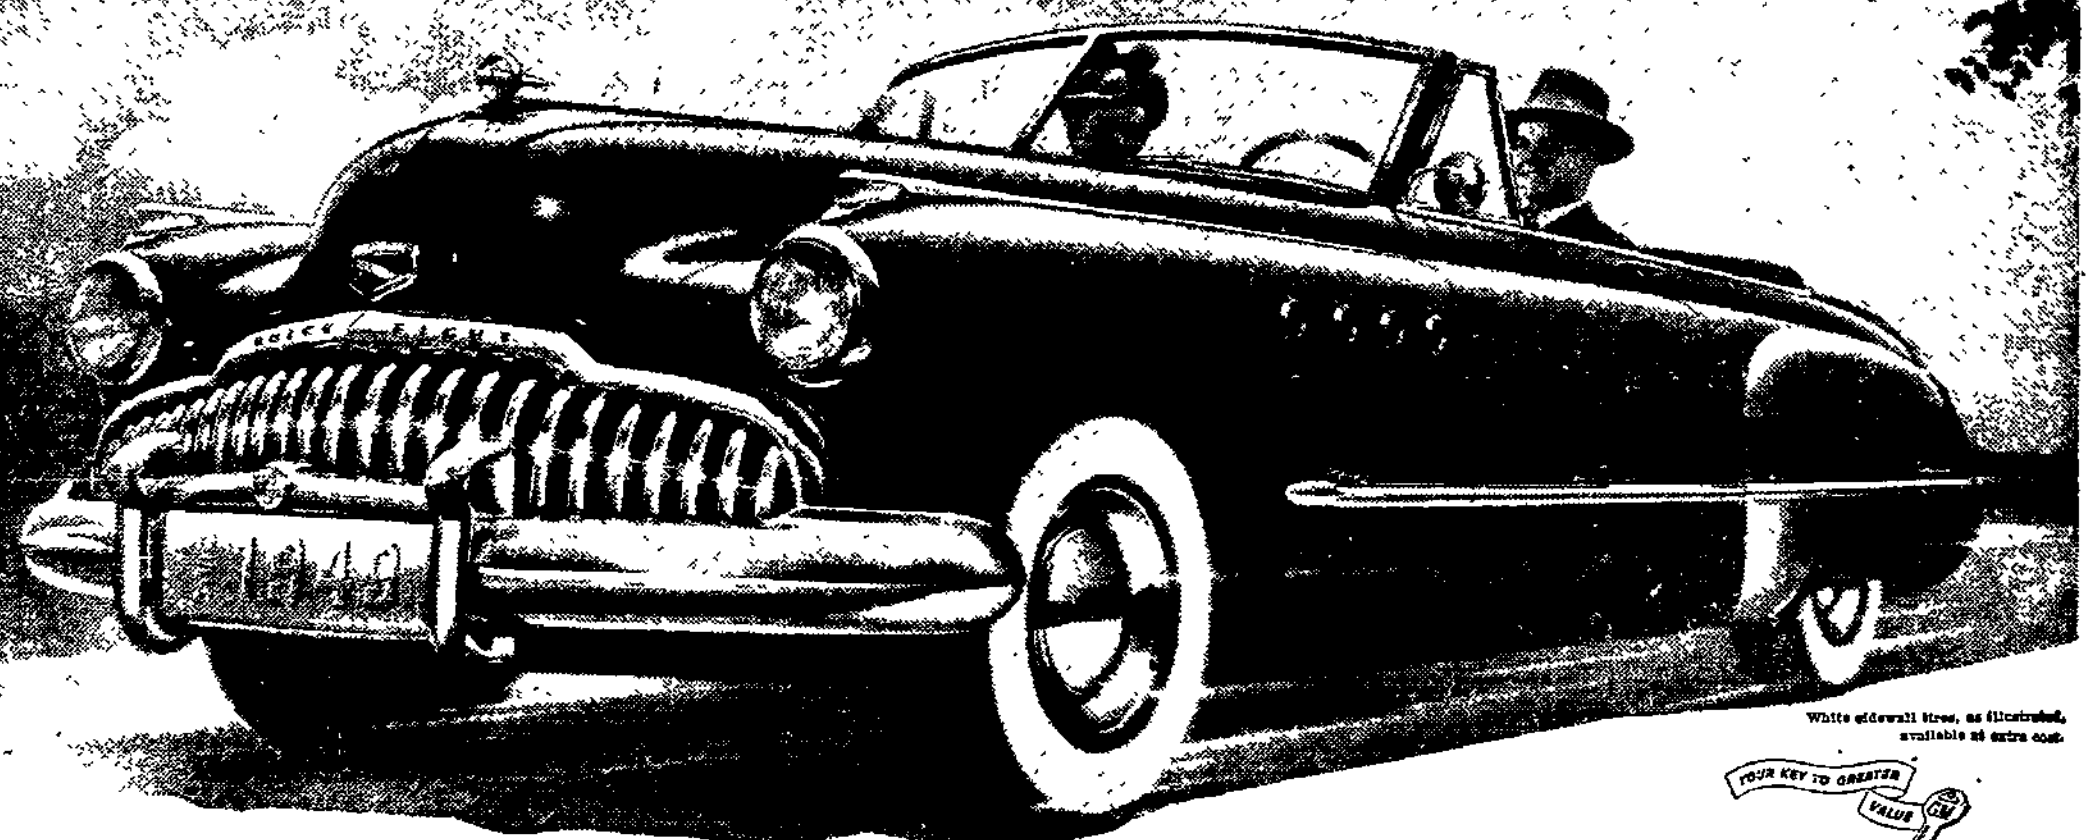

"The regulations contain two groups of grounds for eviction," Mr. Cowley explained. "One group requires eviction certificates issued by the local area rent office. The other group does not require such certificates. However, in the non-certificate group, the landlord must give written notice to the tenant and the area rent office before he can take action in court. A copy of the notice must be filed with the area rent office within 24 hours after it is given to the tenant."

Comprising the non-certificate group and the period given a tenant to vacate on each ground are the following:

1. Non-payment of rent. Not less than 3 days.
2. Violating substantial obligation of tenancy—such as conducting a business in part of the premises contrary to the terms of the rental agreement. Not less than 10 days.
3. Nuisance or illegal or immoral use. Not less than 10 days.
4. Tenant's refusal of access to landlord. This means the tenant has "unreasonably refused the landlord access to housing accommodations" for the purposes of inspection, or to show it to a prospective purchaser unless the lease or rental agreement provides that the tenant does not have to permit inspection or a showing of the premises. The notice period is one month.
5. Accommodations entirely sublet. This is a case in which at the expiration of the tenant's lease or rental agreement, the accommodations are entirely sublet to a subtenant. Notice period of not less than two months.
6. Landlord is a state or a political subdivision thereof. This is a case in which a city, for example, acquires housing accommodations for the purpose of making public improvement and wishes to rent them temporarily prior to making such improvement. The notice period is not less than two months.
7. Company housing. This is a case where the housing accommodations are customarily rented to employees where the tenant no longer works for the company. The notice period is not less than two months.

Before an eviction can be obtained in the certificate group a landlord must petition the Area Rent Office for a certificate authorizing the eviction. If the Area Rent Office finds that the proposed eviction is proper, it will issue the certificate. The certificate will authorize the landlord to take

Held in Strangling

Mrs. Thelma Maschmeier, 64, is being held in a Cleveland Ohio jail after police say, she admitted strangling to death 4-year-old Robert Shaw, a neighbor's son. Mrs. Maschmeier reportedly tried twice to strangle herself in her jail cell because of remorse over the death of the child who visited her home regularly for weeks and other handouts.

whatever steps are necessary under local law to obtain possession at the expiration of the waiting period specified for each of the grounds for eviction.

"For the present, until forms are available, we ask that the eviction applications be brought to our attention by letter in duplicate with a statement of all the facts," Mr. Cowley said.

The grounds for eviction in the certificate group and the waiting period for each group are as follows:

1. Occupancy by owner. In this case the landlord, who is also the owner, must show that he seeks in good faith to recover possession of the premises for his immediate and personal use as a dwelling, or for the immediate and personal dwelling occupancy of members of his immediate family. The tenant is allowed three months in which to vacate on this ground after

which the landlord may take such steps as permitted by local law to recover possession.

2. Occupancy by contract purchaser on or after April 1, 1949. The tenant is allowed three months to vacate.

3. Substantial alterations or remodeling for continued use as housing accommodations. The landlord must establish that this work is so extensive that it cannot be done with the tenant in occupancy. The tenant has three months in which to vacate.

4. Landlord is tax-exempt organization. This is a case in which the landlord is exempt from federal taxation—such as a religious, educational or charitable organization and that it wishes to use the accommodations to house its staff. The tenant is allowed three months in which to vacate.

5. Withdrawal from rental mar-

ket. A landlord seeks in good faith to recover possession for one of the following reasons:

- (a) to convert permanently to commercial use by altering or remodeling substantially;
- (b) to personally use the property permanently for non-housing purposes;
- (c) to permanently withdraw the accommodations from both the housing and non-housing markets.

without any intention of selling the accommodations.

In this group, the tenant is allowed six months in which to vacate.

Nelson Makes All-State 2nd Team; Shattuck Gets Honorable Mention

Warren High School's "twin" basketball guards—Gailson and Ted Shattuck—were highly honored today when Associated Press named its All-Pennsylvania Scholastic team.

Nelson, one of the few four-year cage lettermen in Warren history, was named for the second straight year to AP's second team. He is the son of Mr. and Mrs. Harold Nelson, 13 Parker street.

Shattuck, three-year basketball letterman, was accorded honorable mention for the All-State team. The son of Mr. and Mrs. Fred Shattuck of 212 Madison avenue, he also has letters in football and baseball.

Other district players honored in the All-State selections were Ted Marchbroda, Franklin sparkplug, who was chosen as team guard; Clarence (Dutch) Murch, Oil City forward who was named second team forward; Tom Keane of Bedford, who drew a forward slot on the third team.

Honorable mention also went to Daly of Kane; Bill Dunder of Erie; Hepler and Baughman of Brookville; Hunter of Rocky Grove; Keenan of Clearfield; and Davis, Erie Strong Vincent.

Nelson and Shattuck, along with Marchbroda, were picked for first team berths on the All-Northwestern squad at a recent meeting of the Writers from a 12-county Northwestern Pennsylvania.

Alquippa's unbeaten state champions figured high in the All-Pennsylvania Scholastic Basketball selections but the east topped the selections on the first team.

The Indians took the team title for the west for the first time in five years. The western quint was the only school to place men on the first three teams.

Selected by coaches, sports writers and radio experts from all sections of the state.

Mickey Zernich, the Quips' outstanding center, clinched his position on the first team by putting a scoring and play-making exhibition in the 63-51 victory over teammate Jimmy Frank.

Zernich led the Indians to consecutive wins and the PIAL crown for the first time, routing out Connie Detling, Reading's top scorer in the strong Central Penn League, for the first time.

Sportswriters who saw the powerful Alquippa combine in action the playoffs overwhelmingly selected Zernich to receive the honor.

Others on the first team are Sammy Cavalier, Old Forge forward; Gibby Reich, Steelton, at other forward slot; and Marchbroda, Franklin, and York's Stan Lou Brown at the guard.

All players selected for the first team and those given honorable mention competed on Class B teams affiliated with the Pennsylvania Interscholastic Athletic Association. This is the first time the schools with enrollments of 500 have been given an opportunity to enter nominations.

Any individual high honors given out, they probably will go to Sammy Cavalier. The shot artist is the only player on the first team from last year. He had the highest total of 1,000.

Cavalier scored more than 1,000 points in Lackawanna League competition and was the only player to win unanimous selection by the league coaches as their outstanding player for three years in a row.

The Anthracite area sportswriters were lavish in their praise for the brilliant forward, Jimmy Calpin, Scranton Tribune sports editor, for instance, termed Sammy "one of the outstanding all-time greats the region has produced."

Sports observers near Lake Erie came through strongly to elect Ted Marchbroda, Franklin guard.

"A terrific offensive threat, 'Butch' was every bit as good on defense," said Sam German, Pottsville Spirit Sports Editor and President of the Northwestern Pennsylvania Sports Writers Association.

"He's one of the greatest all-around athletes in Northwestern Pennsylvania history."

Marchbroda, together with forward Gibby Reich, received honorable mention on last season's All-Pennsylvania Scholastic Football team.

Reich, incidentally, was the surprise of the poll. Playing with Steelton, a third-place team in the Central Penn League, he received rave notices from the sports clan whenever he played.

Clyde Shue, Harrisburg Evening News sports editor, said Gibby was the difference between "an ordinary school quintet and a team that was difficult to beat."

The Eastern champion White Rose of York won a spot for their captain and playmaker, Lou Brown. Coach Don Cockley calls him his best court general in history.

Wilbert Haase, veteran York Dispatch Sports Editor, also says Brown is one of the best high school players he has seen.

Bill "Slim" Dankos, Ashley's high-scoring center was moved to forward on the second team to make way for Detling but his was the highest position attained by any Class B player.

The Eastern champion White Rose of York won a spot for their captain and playmaker, Lou Brown. Coach Don Cockley calls him his best court general in history.

Wilbert Haase, veteran York Dispatch Sports Editor, also says Brown is one of the best high school players he has seen.

Bill "Slim" Dankos, Ashley's high-scoring center was moved to forward on the second team to make way for Detling but his was the highest position attained by any Class B player.

Competitive Play to Start May 12 at Conewango Club

Competitive golf at the Conewango Valley Country Club will begin May 12, when the first of the men's weekly matches will be fired. The opening match will be a blind bogey handicap tournament.

The golf committee chairman, Stan Korb, announces that an effort will be made this season to field a strong team, and at least six matches will be played. The first match will be at Titusville, May 28. Titusville will come to Warren in August. Warren also will play home-and-home matches with Bradford and Oil City.

To develop competitive golfers, the challenge board will be revised this summer. All golfers who wish to participate in the challenge board play must qualify. Their round should be fired between May 1 and May 22, and they should tell Toby Lyons, club professional, when they intend to fire their eighteen-hole qualifier. The challenge board will be made up in the order of these qualifying scores.

The golf committee has prepared a full season of activity, with twenty-one Thursday tournaments, plus the special events for holidays, including mixed two-ball tournaments, Memorial Day, Independence Day, and Labor Day. These two-ball affairs will be played on a handicap basis, with the golfers picking their own partners.

The Parshall Cup tournament is slated for July 16. The club championship qualifying will start on the same date, and the actual play will start August 1. The President's Cup tournament, requiring eighteen-holes of handicap play, will take place June 11.

Boston Wins Second Half of K. of C. Race

Boston College won the second half race of the Knights of Columbus National Division tenpin league last night by topping St. Bonaventure, 3-1, on Arcade alleys. The match wound up the regular season's schedule for this loop, except for the playoff of a postponed match between St. Marys and Villanova, neither of which has a chance for first place.

The two leadoff men waged a tight scoring duel. Paul Coppola hit 170-180-193-543 for Boston College, and G. Yarzabek was credited with 164-178-165-557 for St. Bonaventure.

Scoring:
Boston Col. 848 765 852-2465
St. Bona 703 771 818-2297

In the Youngsville tenpin league Tuesday night at the Arcade, W. Munson racked up three consecutive games of 130 for a 390 total.

Capt. Elliott spilled the maples for a 238-147-165-547 series to lead his team to a four-point triumph over the Trevenens in Conewango Club tenpin league last night. Davidson was top man for the losers with 187-149-172-508. Scoring:

Elliott 810 853 876-2739
Trevenens 775 829 771-2375

Hoagvall's Hardware knocked off the pace-setting Betty Lees, 3-1, and Marguerites split even with the Berts in Ladies Major tenpin league action on Penn alleys last night.

Pacing the Hardware squad were Bernice Thomas with 193-209-187-539 and Bertha Knapp with 199-174-165-538. Vi Sterling rattled the maples for a nifty 572 series (208-184-179) for Betty Lees; Rose Hand hit 525 (200-156-169) and Eddie Oltus had 524 (190-144-190), both for the Berts; and Red Walsh posted a 179-144-167-490 series for Marguerites.

A total of 390,000 vehicles throng Manhattan's congested streets each day, traffic surveys reveal.
